HTML Practice Exercise

James Madison University

I love *HTML* because:

1. I learned it quickly.
2. I can make web pages using code.
3. It is fun.

My professor's e-mail address is clarketb@jmu.edu.

Have a great day!

About

It can be intimidating for women to learn and ask questions when they are in an **extreme minority**. While open and welcoming, today's budding developer community is up to **91% male**. If we can empower more females with the confidence in their technological capabilities *we can begin to change this landscape*.

A man and a woman are riding bicycles on a paved path that curves through a vast field of bright yellow flowers. The woman, on the left, is wearing a blue polo shirt and dark pants. The man, on the right, is wearing a blue and white striped polo shirt and dark pants. Both are smiling at the camera. The background shows rolling green hills under a clear sky.

Things That Make Me Sneeze:

I wanted to put together a quick list of stuff that makes me sneeze.

It's because I keep forgetting to avoid this stuff, and maybe if I write it down then I'll remember it. Particular the one about the sawdust

- Dust
- Ground Black Pepper
- Doing the following:
 1. Cutting some wood using a saw
 2. Forgetting to clean the dust off
 3. Looking at the cut real close in order to make sure that it's right
 4. Breathing in
 - It's worse when I breathe in slowly and get a real lung-full of fresh sawdust
 - The sawdust does smell nice, though
- The Next Funny Item
- The Final, Deeply Insightful Item

Yuki's Page

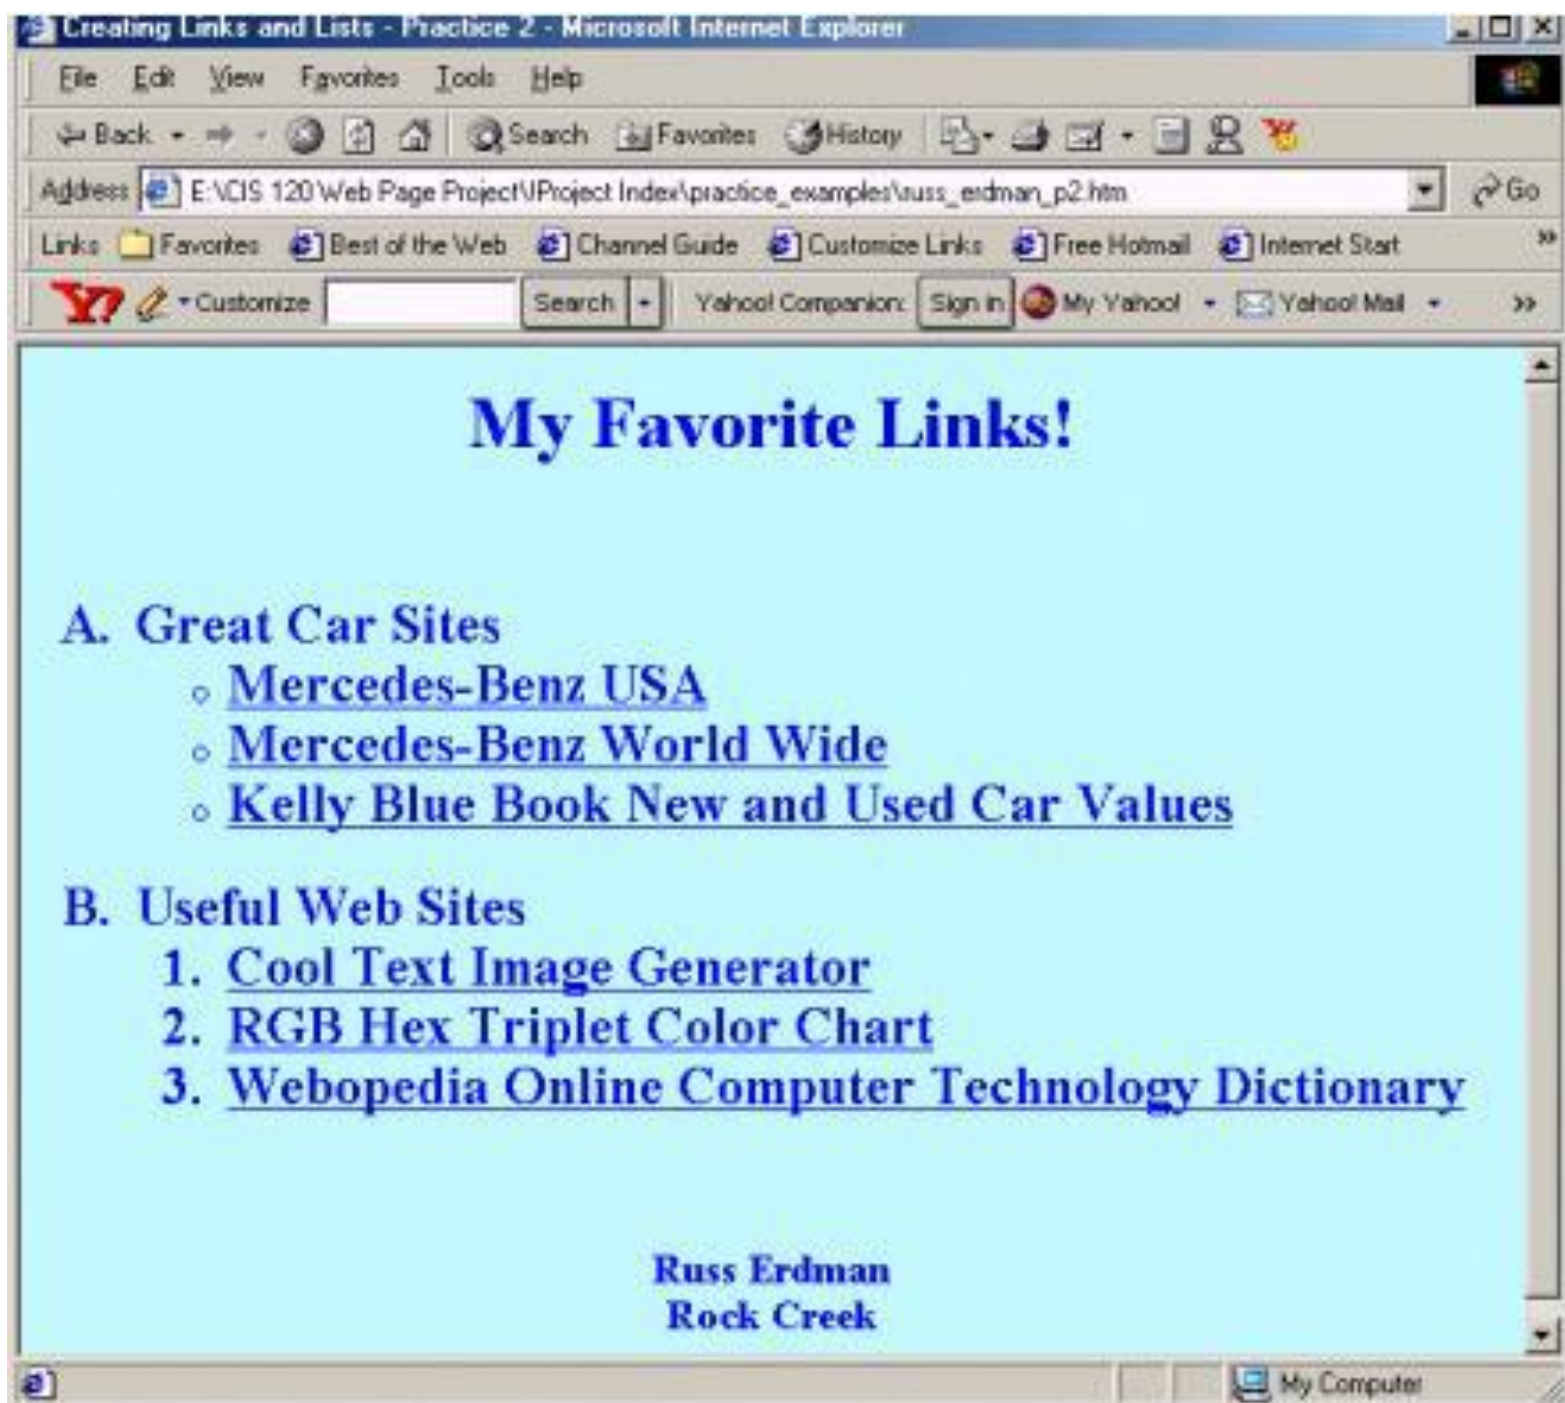

My name is Yuki Fuminaga from Japan. I have 6 people in my family. Traveling to other countries each year has become our family custom since I was born. We start to travel overseas when the year I was born. We went to America, Australia, France, and England, China, Korea and Taiwan. My mom especially loves traveling. She is always talking about traveling when the time comes close to a vacation. I heard from my mom, my dad use to not like to go traveling but my mom took him every year. He began to like traveling since then.

Now I have grown up. Our family lives separately. My parents and grandmother are living in Japan where I was born. I have two older brothers who are living in China for studies, and I am living in U.S.A also for studies. But of course we will go to travel this year too. We probably go to Germany in this summer vacation where the place my mom wants to go.

As for me wherever I am traveling with my family, it is always much fun and meaningful, since we have less time together.
